

# CMAQ PROJECT PLACERVILLE DRIVE PEDESTRIAN CONNECTIVITY PROJECT

## Project Description

The project is located in the City of Placerville along Placerville Drive from the Fairgrounds Interchange at US Highway 50 to Armory Drive. The primary goal of the project is to close a large gap in the sidewalk network on Placerville Drive between key origins and destinations. The project includes the following elements:

- From the Fairgrounds Interchange/Helmrich Lane to the County Fairgrounds crosswalk, the project will construct 660 feet of curb, gutter, and sidewalk on the west side of Placerville Drive and narrow the vehicular lanes to calm traffic.
- From the County Fairgrounds crosswalk to Armory Drive, the project will construct 550 feet of curb, gutter, and sidewalk on the east side of Placerville Drive and narrow the vehicular lanes to calm traffic.
- At the County Fairgrounds crosswalk, the project will install a Rapid Rectangular Flashing Beacon (RRFB) with in-pavement flashers across the crosswalk to provide a safer midblock crosswalk for pedestrians.

## Current Project Status

EDCTC programmed \$2,213,250 in CMAQ funds to the project in August 2022. The City submitted a Request for Authorization of preliminary engineering funds to Caltrans in August 2022. On January 24, 2023, the City Council awarded a \$529,154 consulting contract to R.E.Y. Engineers for environmental documentation, design, right-of-way, and construction engineering. The City held a Public Open House at Town Hall on August 23, 2023, from 5:00 pm to 7:00 pm to present the project to the public.

## Upcoming Activities

- March 2024: Complete draft environmental document
- June 2024: Final environmental document

PROJECT FUNDING DETAIL				
Project Phase	Amount Programmed	Source	Status	Project Cost
PA&ED / PS&E	\$38,998	Local Funds	Programmed	\$38,998
